FROM LOCOMOTIVES TO ESPRESSO-
||| THE POWER OF STEAM |||

nav bar is 1366x60

depot logo gets small and slides into nav bar and stays gold

other icons change to white in nav bar(make sure facebook, instagram and hamburger all have the same lineweight)

hovering over white icons change them to gold

nav bar is now a sticky one

railroad tracks slide in from right side of page

photos slide in from left but not at same time.

Copy fades in from bottom of copy to top of copy
